REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Second Harvest Food Bank of East Central Indiana, Inc. (a non-profit organization), which comprise the statement of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Second Harvest Food Bank of East Central Indiana, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

OTHER MATTERS

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of grant revenue on page 23 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Additionally, the accompanying schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the financial statements as a whole.

OTHER REPORTING REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 22, 2021, on our consideration of Second Harvest Food Bank of East Central Indiana, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Second Harvest Food Bank of East Central Indiana, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Second Harvest Food Bank of East Central Indiana, Inc.'s internal control over financial reporting and compliance.

SECOND HARVEST FOOD BANK OF EAST CENTRAL INDIANA, INC.

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS

Second Harvest Food Bank of East Central Indiana, Inc. (the Organization) is a regional food bank located in Muncie, Indiana. The Organization's programs are focused toward the goals of eliminating poverty, addressing food insecurity, and reducing childhood hunger. Its mission is to provide a coordinated approach to alleviating hunger in East Central Indiana.

The Organization operates a central warehousing facility which solicits food donations, holds the inventory and distributes the food through sales and donations to organizations that in turn give the food to the hungry. Food is distributed to qualified 501(c)(3) charities, known as member agencies and to the public through Organization sponsored initiatives. Most food received by the Organization is donated from the food industry although some food comes from the community. A small amount of food is purchased. Commodities from the United States Department of Agriculture (USDA) are also made available to member agencies. Other support consists of grants received from governments and nonprofit organizations as well as donations from individuals.

In October 2016, the Organization merged with the Delaware County based program, TEAMwork for Quality Living, providing a focus toward poverty alleviation within the community. The merger has enabled the Organization to provide families with not only food resources, but also resources that assist in becoming self-sufficient.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of Second Harvest Food Bank of East Central Indiana, Inc. are maintained on the accrual basis of accounting.

Financial Statement Presentation

The Organization prepares its financial statements in accordance with Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC")*. FASB ASC 958-10-65, *Presentation of Financial Statements of Not-for-Profit Entities* establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into two net asset categories: "net assets without donor restrictions" and "net assets with donor restrictions".

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor- (or certain grantor-) imposed restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all short-term investments with an original maturity of three months or less to be cash equivalents.

Inventory

Inventory consists of food and other grocery products that are valued at cost except for donated food which is reflected at fair market value based on Feeding America's Product Valuation Survey Methodology. The Organization evaluates perishable products on a continuing basis for spoilage and records a loss if spoilage occurs. No provision for estimated spoilage of inventory has been made, as management believes all inventory will be utilized prior to any spoilage.

Property and Equipment

Property and equipment are stated at cost as of the date of purchase or at fair value as of the date of donation. It is the Organization's policy to capitalize expenditures for these items in excess of \$1,000. Property and equipment are depreciated using the straight-line method over the estimated useful lives of the assets. Depreciation expense was \$207,624 and \$125,767 in 2020 and 2019, respectively.

Building and improvements	15 to 39 years
Equipment and fixtures	5 to 10 years
Vehicles	5 to 10 years

When assets are sold or disposed, the cost and related accumulated depreciation are removed from the accounts, and any gain or loss on the disposition is reflected in activities. Expenditures for maintenance and repairs are expensed when incurred. Expenditures that result in the enhancement of the value of the assets involved are treated as additions to property and equipment.

Accounts Receivable

The Organization's accounts receivable balance consists of amounts billed or billable for goods provided. Interest is not charged on outstanding balances.

SECOND HARVEST FOOD BANK OF EAST CENTRAL INDIANA, INC.**NOTES TO FINANCIAL STATEMENTS****2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)***Uncollectible Accounts*

Uncollectible receivables are charged directly against revenue when they are determined to be uncollectible. Use of this method does not result in a material difference from the valuation method required by accounting principles generally accepted in the United States of America. For the years ended December 31, 2020 and 2019, there were no bad debts written off.

Support

In accordance with FASB ASC 958, *Not-for-Profit Entities*, contributions received are recorded as support “without donor restrictions” and “with donor restriction”, depending on the existence and/or nature of any donor restrictions. FASB ASC 605-205-15 *Accounting for Contributions Received and Made*, requires that “unconditional promises to give” be recorded as receivables and revenue; and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor restrictions.

Contributions are generally available for unrestricted use in the various activities undertaken by the Organization unless specifically restricted by the donor. Contributions received as restricted by the donor for a specific purpose are reported as restricted until such time as the donor’s restriction expires. Restrictions are normally removed when the contributions are expended for the purpose restricted by the donor or the project for which the contributions were specifically donated is completed.

Donated food is recorded as support at its estimated fair market value. Fair market value is based on Feeding America’s Product Valuation Survey Methodology. Commodities received through the USDA are valued based on price listings set forth by the USDA. Donated food and commodities are recorded as inventory at the estimated fair market value until distributed.

Revenue from Food and Shared Maintenance

Maintenance fees are charged for the handling and delivery of purchased or donated food to agencies and is recorded at the time the purchase is made. Maintenance fees are not charged on the delivery of governmental food donations. These fees are shown as other revenue with no donor restrictions in the statement of activities.

Donated Services

The Organization receives donated services from unpaid volunteers who assist the Organization in the food sorting activities. During 2020, the Organization was the beneficiary of approximately 29,000 volunteer hours provided by the Indiana National Guard. Total volunteer hours of 50,686 and 26,943 were utilized during 2020 and 2019, respectively. Contributed services have not been recognized in the accompanying statements of activities because the criteria for recognition in the financial statements have not been satisfied.

SECOND HARVEST FOOD BANK OF EAST CENTRAL INDIANA, INC.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*Functional Allocation of Expenses*

The Organization's principal activities are food distribution and poverty alleviation. The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among program and supporting services benefited. The financial statements may report certain categories of expense that are attributed to more than one program or supporting function.

Expenses are allocated to each program based on direct expenditures incurred. Program expenditures relating to more than one function are allocated based on estimates made by management according to periodic time, utilized space, and other expense studies. Program expenses are those related to food distribution, education, and resources. Management and general expenses relate to administrative expenses associated to those programs and are allocated based on estimates of time and effort considered by management to be reasonable. Fundraising relates to direct cost of special events and development activities carried on by the Organization as well as the allocation of employees' salaries, when applicable, and other costs involved in fundraising and special events.

Income Taxes

The Organization is exempt from income taxes under *Section 501(c)(3)* of the *Internal Revenue Code*. In addition, the Organization has been determined by the Internal Revenue Service not to be a private foundation within the meaning of *Section 509(a)* of the *Internal Revenue Code*.

The Organization's federal and state income tax returns are subject to examination by taxing authorities, generally for three years after they were filed.

Shipping and Handling

Shipping and handling costs are expensed as incurred under program expense and are included within direct food distribution costs. For the years ended December 31, 2020 and 2019, shipping and handling costs were \$49,753 and \$36,203, respectively.

Advertising

The Organization expenses advertising costs as incurred. For the years ended December 31, 2020 and 2019, advertising costs amounted to \$77,336 and \$2,235, respectively. Advertising costs are reported within the statement of functional expenses.

Date of Management's Review

Management has evaluated subsequent events through the date on which the financial statements were made available to be issued. The date is the same as the independent auditor's report date.

SECOND HARVEST FOOD BANK OF EAST CENTRAL INDIANA, INC.**NOTES TO FINANCIAL STATEMENTS****2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)***Reclassifications*

Certain prior year amounts have been reclassified to conform to current year presentation.

Adopted Accounting Pronouncements

On January 1, 2020, the Organization adopted Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (Topic 606). This guidance outlines a single, comprehensive model for accounting for revenue from contracts with customers. The standard establishes a new contract and control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time, and expands disclosures about revenue. There was no material impact to the financial statements as a result of adoption. Accordingly, no adjustment to opening net assets was recorded.

The Organization also adopted ASU 2018-08, Not-for-Profit Entities (Topic 958): *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, as it relates to resource recipients, effective January 1, 2020. This ASU clarifies the guidance for evaluating whether a transaction is reciprocal (i.e., an exchange transaction) or nonreciprocal (i.e., a contribution) and for distinguishing between conditional and unconditional contributions. The adoption of this guidance did not have a significant impact on the financial statements.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842). The standard establishes a right-of-use (“ROU”) model that requires a lessee to record a ROU asset and a lease liability on the statements of financial position for all leases with terms longer than twelve months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statements of activities. The new standard will be effective for fiscal years beginning January 1, 2021. Management is evaluating the potential impact of this new guidance on the financial statements.

In September 2020, the FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* (Topic 958), which is effective for fiscal years beginning January 1, 2022, with early adoption permitted, and is intended to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts in-kind, for not-for-profit organizations. The ASU requires a not-for-profit organization to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets, along with expanded disclosure requirements.

NOTES TO FINANCIAL STATEMENTS

4. PLEDGES RECEIVABLE

Pledges receivable at December 31, 2020 and 2019, represent unconditional promises to give as follows:

	2020	2019
Unconditional promises to give	\$ 613,909	\$ 869,588
Less unamortized discount	(13,372)	(38,072)
Net Pledge Receivables	\$ 600,537	\$ 831,516

Pledges receivable are due as follows:

	2020	2019
Due within less than one year	\$ 411,739	\$ 286,589
Due within one to five years (less unamortized discount)	188,798	544,927
	\$ 600,537	\$ 831,516

Pledges can be both unrestricted and donor-restricted in nature. Pledges receivable with due dates extending beyond one year are discounted at the prime interest rate. The applicable interest rate at December 31, 2020 and 2019 was 4.75%. Uncollectible pledges are not expected to be significant; accordingly, no provision has been made for uncollectible amounts. Amortization of the discount is reported in the statement of activities as public support revenue.

5. INVENTORY

Inventory consisted of the following at December 31, 2020 and 2019:

	2020	2019
Donated food	\$ 1,087,503	\$ 1,457,226
Purchased food	105,515	24,378
USDA commodities	1,322,473	599,694
Total	\$ 2,515,491	\$ 2,081,298

6. BENEFICIAL INTEREST IN ENDOWMENTS

The Organization has established nine endowment funds with community foundations in East Central Indiana. The Organization transferred monies from its investment portfolios to establish the funds. At the time of the transfer, the Organization granted variance power to the foundations. That power gives the foundation the right to distribute the investment income to another not-for-profit organization of its choice if the Organization ceases to exist or if the governing board of the foundation votes that support of the Organization is no longer necessary or is inconsistent with the mission and purposes of the community foundation. At December 31, 2020 and 2019, the endowment funds had values of \$148,173 and \$119,967, respectively.

NOTES TO FINANCIAL STATEMENTS

7. FAIR VALUE MEASUREMENTS

The following table presents the fair value hierarchy for the financial assets measured at fair value on a recurring basis:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
December 31, 2020				
Beneficial interest in endowments	\$ 148,173		\$ 148,173	
Donated food inventory	1,087,503		1,087,503	
USDA commodities	1,322,473		1,322,473	
	<u>\$ 2,558,149</u>	<u>\$ -0-</u>	<u>\$ 2,558,149</u>	<u>\$ -0-</u>
December 31, 2019				
Beneficial interest in endowments	\$ 119,967		\$ 119,967	
Donated food inventory	1,457,226		1,457,226	
USDA commodities	599,694		599,694	
	<u>\$ 2,176,887</u>	<u>\$ -0-</u>	<u>\$ 2,176,887</u>	<u>\$ -0-</u>

FASB ASC 820, Fair Value, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

SECOND HARVEST FOOD BANK OF EAST CENTRAL INDIANA, INC.**NOTES TO FINANCIAL STATEMENTS****7. FAIR VALUE MEASUREMENTS (continued)**

Level 1 Fair Value Measurements – Inputs that utilize unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Fair Value Measurements – Inputs that are other than unadjusted quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date. (The fair value of the Organization's beneficial interest in endowment funds is based on valuations provided by the participating community foundations. The fair value of the Organization's donated food inventories and USDA commodities is based on Feeding America's Product Valuation Survey Methodology.)

Level 3 Fair Value Measurements – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions as there is little, if any, related market activity.

8. ENDOWMENT

The Organization's endowments consist of nine individual funds established to support the charitable purposes of the Organization. Its endowments include both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the nature of the endowment restrictions.

Interpretation of Relevant Law

The Board of Directors of the Organization has interpreted the Indiana act of the *Uniform Prudent Management of Institutional Funds* (the Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as donor-restricted net assets (a) the original value of the gifts donated to the perpetual endowment, (b) the original value of subsequent gifts to the perpetual endowment, and (c) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as perpetual is still considered donor-restricted until those amounts are appropriated for expenditure by the foundation in a manner consistent with the standard of prudence prescribed by the Act. The Organization is subject to the investment and spending policies of each community foundation.

Funds with Deficiencies

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below the level of donor-restricted assets required to be retained as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are reported as a reduction in the donor-restricted perpetual net assets. Deficiencies are a result of unfavorable market declines and distributions in excess of principal over the past years. There were no deficiencies within the endowment funds at December 31, 2020 and 2019.

9. LONG-TERM LIABILITIES

On April 16, 2020, the Organization entered into a loan agreement with the U.S. Small Business Administration through First Merchants Bank, N.A. issued under the CARES Act Paycheck Protection Program to secure a loan in the amount of \$178,468. The loan called for monthly principal and interest payments totaling \$10,044 to begin November 16, 2020, with a maturity date of April 16, 2022. Interest was fixed at a 1.00% rate through the 18-month term of the loan. Subsequent to the December 31, 2020 year-end, the Organization applied for forgiveness of the loan based on the criteria established by the CARES Act and received confirmation of debt forgiveness on the entire balance on April 15, 2021.

During the year, the Organization financed two equipment purchases using short-term borrowings which were paid off before the end of the year. In January 2020, the Organization financed the purchase of forklift equipment totaling \$36,039 which was paid off in May 2020. In March 2020, the Organization borrowed \$43,277 related to the purchase of a utility trailer which was subsequently paid in full in November 2020.

The future minimum principal payments required at December 31, 2020 are as follows:

<u>Year Ending December 31,</u>	<u>Amounts</u>
2021	\$ 138,377
2022	<u>40,091</u>

10. NET ASSETS

Donor-restricted net assets as of December 31, 2020 and 2019, consist of:

	<u>2020</u>	<u>2019</u>
Permanent endowment funds	\$ 85,635	\$ 82,135
Accumulated earnings from endowment funds	62,538	37,832
Unexpended grants and donations	<u>717,916</u>	<u>910,387</u>
Total	<u>\$ 866,089</u>	<u>\$ 1,030,354</u>

At December 31, 2020 and 2019, the cash and cash equivalent balances on the statement of financial position included donor-restricted net assets totaling \$117,379 and \$78,870, respectively.

11. OPERATING LEASES

The Organization leases office equipment under non-cancelable lease agreements and vehicles as needed. The future minimum lease payments under the non-cancelable operating lease are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2021	\$ 91,263
2022	68,515
2023	68,034
2024	<u>52,450</u>
	<u>\$ 280,262</u>

Total rent expense for the years ended December 31, 2020 and 2019, was \$110,739 and \$60,272, respectively.

The Organization receives rent from leases of warehouse space (on a month-to-month basis) and farm ground. Rent income for the years ended December 31, 2020 and 2019, was \$94,645 and \$99,258, respectively.

SECOND HARVEST FOOD BANK OF EAST CENTRAL INDIANA, INC.**NOTES TO FINANCIAL STATEMENTS****12. SIMPLE IRA**

The Organization maintains a SIMPLE IRA plan for participating employees. The Organization's contributions to the plan as the employer were \$9,358 and \$6,245 in 2020 and 2019, respectively.

13. CONCENTRATION OF CREDIT RISK

The Organization maintains its cash balances in four financial institutions located in Muncie, Indiana. The balances at the financial institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Throughout the year, there may be times that balances in the bank may exceed the FDIC limit. At December 31, 2020, the Organization had an uninsured cash balance with one financial institution in the amount of \$702,240.

For the years of 2020 and 2019, respectively, the Organization received food donations from the U.S. Department of Agriculture through The Emergency Food Assistance Program (TEFAP) which approximated 51% and 29% of its total direct support.

14. RISKS AND UNCERTAINTIES

The global pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The United States and global markets initially experienced significant declines in value resulting from uncertainty caused by the pandemic. The extent of the impact of the pandemic on the Organization's operational performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on donors, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which the pandemic may impact the Organization's financial condition, results of operations, and cash flows is uncertain, and the accompanying financial statements include no adjustments relating to its effects.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Second Harvest Food Bank of
East Central Indiana, Inc.
Muncie, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Second Harvest Food Bank of East Central Indiana, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 22, 2021.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered Second Harvest Food Bank of East Central Indiana, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Second Harvest Food Bank of East Central Indiana, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Second Harvest Food Bank of East Central Indiana, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether Second Harvest Food Bank of East Central Indiana, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Second Harvest Food Bank of
East Central Indiana, Inc.
Muncie, Indiana

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Second Harvest Food Bank of East Central Indiana, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Second Harvest Food Bank of East Central Indiana, Inc.'s major federal programs for the year ended December 31, 2020. Second Harvest Food Bank of East Central Indiana, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

MANAGEMENT'S RESPONSIBILITY

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on compliance for each of Second Harvest Food Bank of East Central Indiana, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Second Harvest Food Bank of East Central Indiana, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Second Harvest Food Bank of East Central Indiana, Inc.'s compliance.

OPINION ON EACH MAJOR FEDERAL PROGRAM

In our opinion, Second Harvest Food Bank of East Central Indiana, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of Second Harvest Food Bank of East Central Indiana, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Second Harvest Food Bank of East Central Indiana, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Second Harvest Food Bank of East Central Indiana, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
